

E IV: CONDITIONAL USES

Section 4-1 General

Conditional uses add flexibility to the zoning ordinance by allowing uses, which could otherwise be undesirable; to be established in designated districts under conditions imposed by the Board of Adjustment. Applications for conditional use permits shall be filed with the Zoning Administrator, who shall immediately transmit the application to the Board of Adjustment. Before granting a conditional use, the Board of Adjustment shall advertise and hold a public hearing, such public hearing being advertised in a paper of general circulation at least one week in advance. After the public hearing, the Board of Adjustment shall grant permission to establish conditional uses as permitted under these regulations if the Board of Adjustment finds that:

- 4-1.1 the location and character of the use, if developed according to the plan submitted and approved, will be in harmony with the area in which it is to be located and in general conformity with the plan of development of Hertford and its environs;
- 4-1.2 the proposed use will not adversely affect the public health and safety if located where proposed and developed according to the plan as submitted and approved;
- 4-1.3 the proposed use will not be detrimental to the use development, or value of adjacent properties; or that the use is of a public necessity;
- 4-1.4 the proposed use will not be affected adversely by the existing uses;
- 4-1.5 the proposed use will be placed on a lot of sufficient size to satisfy the space requirements of said use;
- 4-1.6 the proposed use or its location will not constitute a nuisance or hazard to surrounding property or residents because of the number of persons who will attend or use such facility, vehicular movement, noise or fume generation or type of physical activity; and ,
- 4-1.7 the use meets all required conditions and specifications.

Section 4-2 Specified Conditions

The Board of Adjustment may grant permission for the establishment of conditional uses, subject to any specific conditions, either set forth or referenced below, or which said board may deem necessary to satisfy the conditions of Section 4-1 of the Article.

- 4-2.1 Bulk Storage of Oil, Gasoline, and Other Flammable Materials:
 - a) the front, rear, and side yards shall be a minimum of fifty (50) feet;
 - b) the storage area shall be enclosed by a fence at least six (6) feet in height; and,
 - c) the tanks and other storage facilities shall meet the requirements of the National Fire Protection Association.

ards shall be a minimum of fifty (50) feet;

- b) the storage area shall be screened by a continuous visual buffer at least six (6) feet in height; and,
- c) junk or salvage shall not be allowed to collect water, which provides breeding ground for mosquito and other insects, or harbor breeding ground for rats or other rodents.

4-2.3 Marinas, Private (including facilities for storage and repairs of boats and sale of boating supplies and fuel)

- a) Location and site requirements. Marinas shall be so located as to be accessible from major roads without creating traffic congestion on minor streets through residential districts.
- b) Operational and site planning requirements.
 - 1. Launching ramps, boat repair facilities for sale of boating supplies and fuel, clubhouses, and parking areas for boat storage on land which are to be open for use between the hours of 10:00 P.M. and 7:00 A.M. shall be at least three hundred (300) feet from the nearest lot line of any lot upon which a residence is permissible. If any such areas or functions are not open between the hours indicated, the distance may be reduced to 150 feet, or if parking areas and areas for boat storage on land are enclosed by a solid masonry wall at least six (6) feet in height; the distance may be reduced to 150 feet.
 - 2. A minimum of one (1) off-street parking space per boat slip shall be required, provided that where launching ramps adjoin the parking area, the parking spaces shall all have a minimum dimension of twelve (12) feet by forty (40) feet.
 - 3. Where fuel is to be dispensed in conjunction with other marina operations, no pump or fuel storage area shall be located within fifty (50) feet of any adjacent property line or public right-of-way.

4-2.4 Sanitary Landfill or Incinerator:

- a) no refuse shall be deposited and no building or structure shall be located within fifty (50) feet of the nearest property line; and,
- b) the operation of said landfill or incinerator shall be carried out in accordance with the standards and procedures prescribed by the North Carolina State Board of Health.

is being considered by the Board of Adjustment as a
located in a TR (Transitional Residential) district, the use shall:

- a) satisfy the conditions of Section 4-1 of this Article, and
- b) be located in a residential structure existing on the effective date of this title, except where the building inspector certifies the residential structure on the lot on which said use is to be located is dilapidated and cannot be brought up to acceptable standards for occupancy for less than fifty (50%) of its assessed valuation or where a lot is vacant on the effective date of this title in which case the Board of Adjustment may allow as a conditional use, the location of said use in a new structure, provided it reviews the plans for the structure and finds them in harmony with the residential character of the area.

4-2.6 Group Development:

In the case where two (2) or more buildings are to be constructed on a plot of land at least two (2) acres in size, not subdivided into customary streets and lots, and which will not be subdivided, the application of the terms of this ordinance may be varied by the Board of Adjustment in a manner that will be in harmony with the character of the neighborhood provided:

- a) that such uses are limited to those permitted within the zoning district in which the project is located, and that, in no case shall the Board of Adjustment authorize a use prohibited in the district in which the project is to be located; and
- b) that the overall intensity of land use is no higher and the standard of open space is no lower than is permitted in the district within which the project is to be located; and
- c) that the building heights do not exceed the height limits permitted in the district within which the project is to be located; and
- d) the minimum front, side and rear setbacks shall at least equal those setbacks established for the district within which the project is to be located; and
- e) all buildings established as a part of a group development project shall be separated by not less than twenty (20) feet; and
- f) where a group development abuts property zoned under a different classification, buffer strips shall be provided in agreement with Section 3-9; and
- g) a detailed site plan at a scale of not less than one (1) inch equals one hundred (100) feet shall be submitted to the Planning Board to show the size and location of all structures, streets, drives and parking spaces and their relationship to open spaces and adjacent properties; the Planning Board shall have forty-five (45) days to submit their recommendations to the Board of Adjustment (after forty-five days, the Planning Board is assumed to concur with such plan) who shall make final determination of appropriateness Section 4-1) and shall establish any additional conditions of approval.

Take Out:

Take Out/ Take Out Cooking establishment is being considered for a C-3 zone, the use shall:

- a) Satisfy the conditions of Section 4-1.
- b) A minimum of three (3) off-street parking spaces for customer pick-up. These spaces shall not be in addition to any other off-street parking requirements due to other uses of the facilities.

4-2.8 Bar, Tavern

- a) No such establishment shall be located within four hundred (400) feet of a church, elementary or secondary school, public park, or residentially-zoned property.
- b) A minimum six (6) foot high opaque fence shall be erected adjacent to the property abutting residences.
- c) All required parking areas shall be no closer than thirty (30) feet to the property line of abutting residences.

4-2.9 Automobile Repair Shop

- c) No storage of any wrecked, partially dismantled, or inoperative vehicle shall be permitted, except inside the building. (Vehicles may be parked outside while waiting to be repaired)
- d) All repair work shall be conducted inside an enclosed area.
- e) Any type of auto body work or painting shall be specifically excluded.
- f) A minimum six (6) foot high opaque fence shall be erected adjacent to the property abutting residences.
- g) In the C-3 District the maximum zoning lot size is one acre.
